A RESIDENCE FOR ELDER CARE

... making a *positive* difference in the lives of our residents by providing *"home style"* care in a safe, stimulating and family-oriented *environment.*

We understand that the decision for residential senior care may not always happen by choice or at a convenient time. Many families must make the decision to find an elder care facility urgently after an illness or fall when advance planning is not always possible. Trust that **3 Sisters Hacienda** is here to help you when the need arises for reliable and loving elder care.

You can rest assured that **your family member is safe and comfortable in our home environment.** We select our staff carefully ... choosing people for their caring and compassionate qualities along with their dedication to providing TLC to your loved one.

- Tami — Owner and Administrator of **3 Sisters Hacienda** — has 30 years of experience in the health care field. She and her husband, Butch, live on-site and provide direct supervision of the care. Tami is also available for personal consultations.
- Sandy is experienced in life/grief facilitating and passionate about holistic care including creative expression, healthful diet and exercise.
- The third “sister” is YOU ... **you and your family will be instrumental in helping us establish the care you desire for your loved one!**

Caregiving is one of a person's most difficult and vital responsibilities and we appreciate that *families* want the best care available.
